

### 2 Wire Palm Mike Shroud

The ParMarLow **RS-0400MLD** is the choice of Low Profile Law Enforcement and Public Safety security personnel. The two wire design allows the Microphone/PTT with rugged clothing clip, to be attached to a shirt collar or run down the inside of the shirt sleeve. In low noise, simply press the PTT and talk into the unit. In high noise, cup the mike in your hand and bring it close to your mouth. Delivering clear communications under all but the most extreme conditions.

The **RS-0400MLD** comes complete with the ParMarLow Clear Coil Sound Tube and an assortment of earpiece attachments. The set of six Non-Occluded Ear molds allow the unfettered hearing of surrounding sounds while keeping the radio communications secure. Choose the most comfortable fit, small, medium or large, for the left or right ear. For noisier environments the unit also includes two solid, yet comfortable ear tips.

### **The RS-0400MLD is ideal for use by:**
